LEICA M 3

Codeword | $

Strain-resisting camera housing with hinged back plate. Eyelets for neck strap. Large single eyepiece for measuring bright-line viewfinder with automatic parallax compensation. Rangefinder operation and field frame changeover (for 50, 90 and 135 mm. lenses) automatically coupled with interchangeable lenses in bayonet mount. Focal plane shutter. Single click-stop shutter speed dial for speeds 1—$^1/_{1000}$ sec. and time exposures and with provision for coupling with attachable exposure meter. Full automatic shutter synchronization with sockets for electronic and flash bulb equipment. Built-in delayed action release. Lever for simultaneous film transport and shutter winding. Exposure counter with automatic zero return. Pull-out back winding knob.

Complete, without lens	IGEMO	288.00
